

# ARMOURCOAT SURFACE FINISHES

Tired of paper and paints for your clients' walls? Bring old world charm and craftsmanship to your next project with exquisite beauty of Armourcoat Surface Finishes.

## ARMOURCOAT POLISHED PLASTER

Armourcoat Polished Plasters combine natural lime and crushed marble to provide a seamless and durable finish with the natural beauty of stone. Intended for interior walls, columns and ceilings, Armourcoat Plasters include both smooth and textured finishes boasting a high-polished marble, honed limestone or textured travertine appearance. All products are trowel applied by trained artisans to add prestige and individuality to any project.

## SURFACE FINISHES

### ARMOURCOLOR

Looking for a more durable finish for high-traffic hallways? ArmourColor Decorative Wall Finishes provide high-performance wall coatings which are durable and cost-effective. The Armourcolor line includes an elegant multi-tone finish with a subtle surface shimmer or a hygienic monochromatic appearance with a soft-touch suede effect. Both products are seamless and anti-microbial while also providing a high-end appearance.

	FINISH	TRADE NAME	APPEARANCE	STANDARD COLORS
<b>HIGH PERFORMANCE</b>	Perlata	Decorative Coating	Crushed Velvet	96
	Tactite	Decorative Coating	Suede	36

\*Includes no or low VOCs.

### DUTURO

Finally Armourcoat also offers Duturo, a high-abuse wall coating for the most challenging maintenance areas. This hard-wearing acrylic wall coating is stain, scrub and impact resistant and won't promote the growth of mold mildew and bacterial growth. Provide your clients with a durable stone-like finish ideally suited to corridors and high traffic areas where both durability and high aesthetics are key considerations.
